

**THE ORIGINAL  
WATERLESS INLINE  
DRAIN TRAP SEAL**

# SEAL OUT ODORS AND PESTS, KEEP THE FLOW.

FLOOR DRAIN ODOR & BACKWATER CONTROL

Its patented memory hinge ensures a complete seal every time.

A patented pressure relief valve prevents air lock.

A press-fit gasket installation means no silicone is needed.

Side hinge operation allows unobstructed flow in heavy-draining situations.

Fits both cast iron or plastic floor drains.

**SureSeal®** allows for drainage while quickly and effectively solving odor problems and bug infestations associated with infrequently used floor drains. It can be used in all commercial and residential floor drains, as well as floor/mop sinks, and is easily retrofitted to older drains.

# SureSeal®

Waterless in-line floor drain trap seal
